

# Download Haynes Workshop Manual Massey Ferguson 135 Clutch

MANUAL SECTION. The (IND#X) is an inventory control number; I do not sell my originals, if you can use a clean copy or need a couple/few pages of scanned info I can assist you - THIS IS NOT A FREE SERVICE AS MANY SEEM TO THINK!! Antique Allis Chalmers Tractor: AC 160 [Allis Chalmers 160 Parts] [Return to the Shed] The tractor shown was built in 1970. Some of the features were live PTO, live hydraulics, a Category II 3-point hitch, a 40 HP Perkins 3-cylinder diesel engine, differential lock, power adjustable rear wheels, and power steering. Antique Allis Chalmers Tractor: AC 220 [Allis Chalmers 220 Parts] [Return to the Shed] Production of this tractor began on March 17, 1969 with Serial Number 1004. It was the first of what was to be known as the "Landhandler". Originally the MGB used a similar system to the MGA. This was a very basic non-positive system consisting of one hose between the top of the rocker cover and the front air cleaner, and another open-ended hose (often called the 'road draught tube') hanging down from the front tappet chest cover.
