Mitchel Cohen: writer, activist, poet, former chair WBAI-FM Local Station Board, Brooklyn Greens, Red Balloon Collective, rabble rouser. Pravda (Russian: Правда, IPA: (pɐˈvda), "Truth") is a Russian broadsheet newspaper, formerly the official newspaper of the Communist Party of the Soviet Union, when it was one of the most influential papers in the country with a circulation of 11 million. The newspaper began publication on 5 May 1912 in the Russian Empire, but was already extant abroad in January 1911. One of the issues often discussed in relation to climate change mitigation is the stabilization of greenhouse gas concentrations in the atmosphere. Many perennials can also be propagated by stem cuttings; garden phlox is a good example. Cuttings should be 3 to 6 inches long. Strip the lower foliage and insert the cuttings into the rooting medium.
